WORK EXPERIENCE

SHELTER, STORE DESIGN - (October 2019 - May 2020)

- I captured the client brief and created an innovative design to re-invent The Preston Shelter store format.
- Defining a new holistic experience combining shopping, learning about the charity and servicing the homeless community.
- The materials I chose were specifically selected for their sustainable characteristics.

MANCHESTER INTERNATIONAL FESTIVAL- (January - May 2019)

- Working as part of a dynamic team, I had the responsibility to design elements of the interiors and furnishings for MIF.
- As part of this process I was able to build a real budget with the client for the designs, which went on to meet their expectations.
- Our teams seating designs were used in the final production for Manchester International Festival.

SHEILA BIRD - (February 2019)

- Shelia Bird are a small but specialist Interior design company in Manchester who specialise in Urban Renewal and office refits.
- I shadowed the CEO and founder at live sites, which gave me direct exposure to the diverse aspects of design and how teams and firms adapt quickly to handle multiple client projects effectively.

SPAR STORES - JAMES HALL & CO. LTD - (June 2016)

- Formal store design project for The SPAR Group, specialist in convenience stores.
- I used Auto-cad to design new formats for existing stores, taking into consideration changing shopper preferences.
- Successfully completed the brief to provide 3 new formats and signage design.

CAMPS INTERNATIONAL, PERU - (July 2015)

- My greatest life experience is the month I spent in Peru, South America.
- The expedition had a dual purpose; to learn about a new culture and also support humanitarian initiatives.
- We completed house building projects, created the foundations for a new water supply and improved the appearance of village schools.
